Safer Neighbourhood policing – “What does it mean and what do they do?” Safer Neighbourhood Teams (SNT’s) were introduced in every ward in London in April 2006. The idea is “Local officers, policing a local area and dealing with its’ residents and the problems that directly concern them”

Every SNT is made up of 1 Sergeant, 2 Police Constables and 3 Community Support Officers.

There are alternative ways of reporting low-level crime to the police that may avoid you having to queue at a police station. Visit www.met.police.uk and see the link for self-reporting crime over the internet. It’s quick and easy and you will immediately receive a Home Office reference number.

STATE MANSIONS

(AND SURROUNDING AREA)

On the 25th of February Police orchestrated a “Clean Up” event within the area of State Mansions. The clean up was conducted by and with the help of persons from LBR Youth Offending Team in conjunction with Clarke & Hillyer, Gala Bingo, Clear Channel and the Local Authority graffiti removal team.

All the existing rubbish and graffiti within the area was removed during the 4 hour operation where “everyone including members of your SN team got their hands dirty”.

This is the start of an ongoing “Face Lift” planned for State Mansions and the immediate local area. Over the forthcoming months further enhancements are to be made to the area with a view to reducing incidents of anti social behaviour and in turn enhance the area for those that live, work and visit the area.

The area is to be vigorously policed for further offences of Fly Tipping and Graffiti by LBR “Street Scene” in conjunction with SN police officers and ANY future offenders WILL be prosecuted.
